Or rather new goods, we might have said, but it amounts to the same thing, we presume, with the customers of the new firm of S. & R. C. WATSON. DICK has just returned with a stock of new goods, and is particularly anxious that everybody should be apprised of the fact, hence we give him the benefit of our colunms. Ladies and gentlemen will consult their interest by calling at the new store and examining stock and prices.

SPECIAL ELECTION. Next Thursday, by proclamation of the acting Mayor, a special election for Mayor of this city, to fill the vacancy occasloned by the resignation of Jas, S. Hart, will be held. So far, no candidates are mentioned.

The following gentlemen have been appointed judges of election : West Ward-A. Hasness, Joseph Col-

Five hundred soldiers will be on parade, and some of the best speakers of the State be present.

THE NEW TOWNS.

The Railroad station at the Devorse place, we learn, is to be called FORBES. The station next above Forest City, is named BIGELOW. It is eleven miles distant from Forest City. This place was at first called Petersburg.

CRAIG is the name of a prospective town, seven miles above Bigelow, near Frame's store. The location, we understand, is a good one. It has not been laid out, but the lumber for five houses is already on the ground. St . miles above Craig, we come to the

city of CORNING, of which place, but little as yet is known.

ARRESTS.

The following persons appeared before his Honor, Mayor HERSHBERGER, the past week:
-MICHAEL ALLEY, for being drunk and disorderly, on Saturday. Witnesses being too drunk to testify, the case

on Monday, and fined two dollars. -L. H. EDWARDS, for offense similar to Tisdell's, was fined one dollar on

Wednesday.

—Jas. Brown, assaulted and beat Sam. McKinny, and was fined two dol-

lars therefor.

—A LADY, of this city, for transcending her rights under the civil law, by boxing a little girl's ears, was required

to pay a fine of one dollar.

NEW WASH-BOSLER. Mr. E. C. STEPHENS, of this place, has the agency for a recently patented inven-tion which relates to wash-boilers, for cleaning clothes and other fabrics. It is made of tin, resembling in solio respects the common tin colander, or ept that it is of oblong shape to fit a wash-boller. The N. Y. Independent, (July 28, 1868,) makes the following reference to the results of Endowment Policies in the Mutual Life Insurance Company of New York:

"Some of the results of Endowment, Policies in the Mutual Life Insurance Company of New York are surprising. We have seen one which matured on the 14th of the present month, and was paid on that day, giving the following figures:

The annual premiums were \$433 65 each, and were paid for eleven years. These payments, compounded at six percent., amount to \$6,882. The amount received by the owner of the policy was \$6,978 50.
